Remarks

Built in 2020, this stunning home sits on a serene, rural feeling parcel and delivers the perfect blend of modern comfort and refined design. The main floor welcomes you with an open concept kitchen featuring a gas cooktop, double built in ovens, generous prep space and a pantry with added built ins. The extra large living room centers around a double sided gas fireplace that flows seamlessly into the study, while floor to ceiling windows frame peaceful views of the neighborhood nature preserves. A formal dining room, den, and a well organized laundry room with custom cubbies complete the main level. Upstairs, all four bedrooms enjoy adjoining bathrooms. Bedrooms 1 and 2 share a beautifully designed Jack and Jill bath, each with its own walk in closet and built in shelving. Bedroom 3 offers a private en suite and walk in closet. The primary suite is a retreat of its own, featuring a spa inspired bathroom with a walk in shower with dual showerheads, double sinks, and a separate soaking tub. The expansive walk in closet includes custom shelving, and a private balcony offers the perfect spot for morning coffee. The finished walkout basement is designed for entertaining. complete with a full bar: sink, dishwasher, and full size refrigerator included, and a full bathroom ideal for
